

We enter the story in Part 2, when the Chameleon Polly is being questioned by the Airport Commandant, and denies everything the Doctor and Jamie have said. She isn't Polly, she insists, she's Michelle Leuppi of Zurich and has come to England to work. The Commandant clearly accepts her story, and Jamie's patience snaps. He grabs 'Polly', sits down, turns her over his knee and flips up her white miniskirt. His hand slaps down once across the seat of her patriotic red, white and blue panties before the Commandant intervenes: 'I will not have passengers assaulted in this manner,' he says, grabbing Jamie's wrist before he can land another spank. 'I cannot apologise enough, Miss Leuppi,' he adds as 'Polly' struggles to her feet. 'You're free to go, of course, and we're sorry to have detained you.' 'Polly' straightens her skirt and makes as dignified an exit as she can.

'I dinna understand, Doctor,' says Jamie. 'Why did she pretend she didnae know us?'

'I don't know, Jamie, but one thing was clear: that was no girl from Zurich who just happened to look the same as Polly!'

'How can ye be so sure?'

'What would a girl from Switzerland be doing wearing Union Jack panties?' replied the Doctor. 'A tempting target for one of Bonnie Prince Charlie's Highlanders,' he quips.

The Commandant has had enough. 'Union Jack panties, burnt fibres, vanishing bodies! I'm having you two taken into custody.' He picks up the phone to speak to the police, and the story resumes its televised course for a while.

Later in Part 2, the Doctor and Jamie have been reunited with Ben, and discover the false Polly working at the Chameleon Tours kiosk in the airport concourse. The Doctor approaches her and demands that she tell what she knows. 'No harm will come to you if you tell us now. And if you don't want to help us, then Ben here will spank you.' Ben advances, rolling up his sleeve. Jamie looks mildly disappointed.

Polly protests that she doesn't know what they are talking about, so Ben goes into action. Over his knee she goes, the tips of her white boots touching the floor, her shapely legs laid out horizontally right up to the elasticated edge of her panties, marking the boundary where the slender thighs become the ampler curves of her bottom. Ever the disciplined sailor, Ben waits for the Doctor's word of command. The Doctor pauses, but it's clear that the threat will not be enough to break the stubborn girl. He nods, Ben brings his palm smacking down, the Union Jack pattern vibrates at the impact and 'Polly' feels the sting.

The spanking is being noisily administered in a public place, so naturally it attracts attention as it goes on. Some turn away in embarrassment and some pretend not to notice, but others nod approvingly: 'Best way to deal with bad service!', says one, while another comments, 'Serves her right for wearing a short skirt!' Ben spansks on regardless.

'Let's see if we've had any effect,' says the Doctor, and squats down to face 'Polly' in her prone position. Ben obediently stops spanking. 'Now, are you going to tell us what has been happening?'

'I tell you I don't know about anyone being murdered,' wails 'Polly'.

The Doctor raises an eyebrow. 'And who said anything about murder?' he asks, then looks up at Ben. 'We're having some effect, but it's too slow. I'm afraid I'm going to have to ask you to do something you'll find distasteful.'

'What's that, then, Doctor?'

'Dishonor the flag!'

Ben grins and yanks down the Union Jack panties. But before he can turn 'Polly's' blushing bare bottom a deeper red, he's interrupted by a figure in blue. 'What's all this then?' says the policeman, and the Doctor, Ben and Jamie find themselves under arrest and bundled back before the Airport Commandant. At least they have discovered one thing: the false 'Polly' knows a great deal more than she'll say about whatever is going on with Chameleon Tours.

But let us not leave 'The Faceless Ones' without arranging a spanking for the cheeky companion who never was, Samantha Briggs. So it's on to Part 4 and the scene where Sam has decided she won't get any help from the authorities, or even the Doctor and Jamie, and decides to go on a Chameleon Tours flight herself. Jamie finds her just after she's bought the ticket, but hasn't got the money to enable him to accompany her, so he needs a ruse to help him steal her ticket and take her place. On television it was an embrace, but this is the Spanking Adventures, and Sam has been a very naughty girl to disobey the Doctor, so those lace-edged bloomers are due for a warming across Jamie's knee. In her case he'll have to use an unusual method: he needs one hand free to rifle her handbag. So this time it's a lefthanded spanking, and he controls the struggling girl with one leg over the crook of her knees instead of a firm hand pressed onto the small of her back. Successfully extracting the ticket with his right hand, he spansks on with his left until he feels he's made his point.

Sam gets up, pulls her skirt down over her matching bloomers and does her own twohander: with her left hand she rubs her sore bottom while her right hand slaps Jamie across the face. Then she turns and walks away, careful not to let Jamie see the secret smile of pleasure at being spanked by the young Scotsman she rather fancies...
